Frequency Electronics Announces Year End Fiscal 2026 Financial Results Conference Call: Wednesday, July 15, 2026, at 4:30 PM ET

July 9, 2026

MITCHEL FIELD, N.Y., July 09, 2026 (GLOBE NEWSWIRE) -- Frequency Electronics, Inc. (NASDAQ: FEIM), will hold a conference call to discuss results for its fiscal year 2026, ended April 30, 2026, on Wednesday, July 15, 2026, at 4:30 PM Eastern Time.

This call is being webcast by Issuer Direct Corporation and can be accessed in the Investor Relations section of Frequency's web site at www.fregelec.com. Investors and analysts may also access the call by dialing 888-506-0062. International callers may dial 973-528-0011. Callers should provide participant access code: 941406 or ask for the Frequency Electronics conference call.

A telephone replay of the archived call will be available at 877-481-4010 (domestic), or 919-882-2331 (international), for one week following the call (replay passcode: 54269). Subsequent to that, the call can be accessed via a link available on the company's website through October 15, 2026.

About Frequency Electronics

Frequency Electronics, Inc. (FEI) is a world leader in the design, development and manufacture of high precision timing, frequency generation and RF control products for space and terrestrial applications. FEI's products are used in satellite payloads and in other commercial, government and military systems including C4ISR and electronic warfare, missiles, UAVs, aircraft, GPS, secure communications, energy exploration and wireline and wireless networks. FEI-Zyfer provides GPS and secure timing capabilities for critical military and commercial applications; FEI-Elcom Tech provides Electronic Warfare ("EW") sub-systems and state-of-the-art RF and microwave products. FEI has received over 100 awards of excellence for achievements in providing high performance electronic assemblies for over 150 space and DOD programs. The Company invests significant resources in research and development to expand its capabilities and markets.

FEI's Mission Statement: "Our mission is to transform discoveries and demonstrations made in research laboratories into practical, real-world products. We are proud of a legacy which has delivered precision time and frequency generation products, for space and other world-changing applications that are unavailable from any other source. We aim to continue that legacy while adapting our products and expertise to the needs of the future. With a relentless emphasis on excellence in everything we do, we aim, in these ways, to create value for our customers, employees, and stockholders."

Forward-Looking Statements

The statements in this press release regarding future earnings and operations and other statements relating to the future constitute "forward-looking statements" pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements inherently involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Factors that would cause or contribute to such differences include, but are not limited to, our inability to integrate operations and personnel, actions by significant customers or competitors, general domestic and international economic conditions, reliance on key customers, including the U.S. government, continued acceptance of the Company's products in the marketplace, competitive factors, new products and technological changes, product prices and raw material costs, dependence upon third-party vendors, other supply chain related issues, increasing costs for materials, operating related expenses, competitive developments, changes in manufacturing and transportation costs, the availability of capital, the outcome of any litigation and arbitration proceedings, and failure to maintain an effective system of internal controls over financial reporting. The factors listed above are not exhaustive and should be read in conjunction with the other cautionary statements that are included in this release and in our filings with the Securities and Exchange Commission. The Company's Annual Report on Form 10-K for the fiscal year ended April 30, 2025, filed on July 18, 2025 with the Securities and Exchange Commission includes additional factors that could materially and adversely impact the Company's business, financial condition and results of operations, as such factors are updated from time to time in our periodic filings with the Securities and Exchange Commission, which are accessible on the Securities and Exchange Commission's website at www.sec.gov. Moreover, the Company operates in a very competitive and rapidly changing environment. New factors emerge from time to time and it is not possible for management to predict the impact of all these factors on the Company's business, financial condition or results of operations or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not rely on forward-looking statements as a prediction of actual results. Any or all of the forward-looking statements contained in this press release and any other public statement made by the Company or its management may turn out to be incorrect. The Company expressly disclaims any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.
