

Frequency Electronics to Participate in B. Riley 8th Annual Investor Conference

MITCHEL FIELD, N.Y., March 12, 2007 (PRIME NEWSWIRE) -- Frequency Electronics, Inc. (Nasdaq:FEIM) will participate in the B. Riley & Co. 8th Annual Las Vegas Investor Conference. Frequency's presentation will commence at 12:35 PM Pacific time (3:35 PM Eastern time) on Wednesday, March 14, 2007.

Investors and other interested parties may listen to the web cast of the presentation by accessing the Investor Relations section of Frequency's web site at www.frequencyelectronics.com. The presentation slides will also be available on the web site. For those unable to listen to the live web cast, the slides and audio portion of the presentation will be archived on Frequency's web site until April 13, 2007.

About Frequency Electronics

Frequency Electronics, Inc. is a world leader in the design, development and manufacture of high precision timing, frequency control and synchronization products for space and terrestrial applications. The Company's products are used in commercial, government and military systems, including satellite payloads, missiles, UAVs, piloted aircraft, GPS, secure radios, SCADA, energy exploration and wireline and wireless communication networks. The Company has received over 60 awards of excellence for achievements in providing high performance electronic assemblies for over 120 space programs. The Company invests significant resources in research and development and strategic acquisitions world-wide to expand its capabilities and markets. The Company's Belgium-based Gillam-FEI subsidiary provides the Company with expertise in wireline network synchronization, monitoring and SCADA. FEI-Zyfer in Anaheim, CA, provides GPS and secure timing ("SAASM") capabilities for critical military and commercial applications. The Company has an affiliate in St. Petersburg, Russia which supplies high-quality, cost effective quartz oscillators and components. Additionally, the Company operates a new, modern manufacturing facility in Tianjin, China through its wholly-owned subsidiary, FEI-Asia. Additional information is available on FEI's website: www.frequencyelectronics.com
